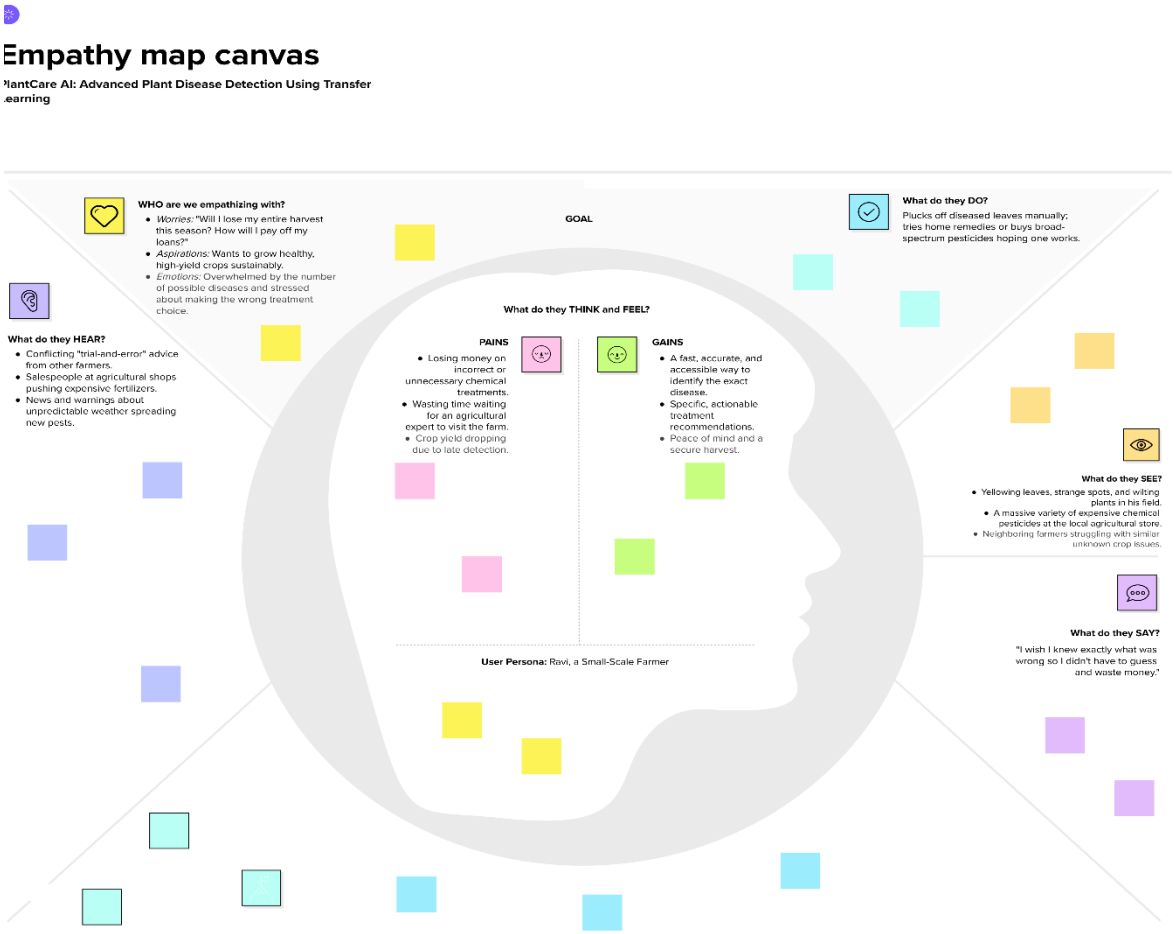
Ideation Phase
Empathize & Discover

Date	31 January 2025
Team ID	699ee182888d594131780977
Project Name	PlantCare AI: Advanced Plant Disease Detection Using Transfer Learning
Maximum Marks	4 Marks

Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.


It is a useful tool to helps teams better understand their users.
Creating an effective solution requires understanding the true problem and the person who is experiencing it. The exercise of creating the map helps participants consider things from the user's perspective along with his or her goals and challenges.
